Rocking Logistics - What we do

Airports & Hotels

Manage every transfer from 1 to 300 people from arrival or departure to/from Hotels or airports. Bands, Roadies & Vips

Team Work

Hallmark understands Tour Leaders have a lot to do. Our single point of contact system, stream lines quickly and efficiently the process.

Gigs & Events

Co-ordinated movements both to/from locations for groups, VIPs and individuals

Vehicle Security/Compliance

Our vehicles hold the highest levels of compliance. Our drivers can be dressed to be professional or be inconspicuous if required.

Gound Services

Hallmark visits locations prior to events, co-ordinates with security and others to ensure smooth operations.

Co-ordination

Co-ordination with local, regional, national governments, agencies and alike to ensure that we can transport your guests (if security requirements are needed).

HALLMARK CHAUFFEUR DRIVE

Rocking Logistics - What we do

Infrastructure

Hallmark operates a 24/7/365 days emergency phone for changes, updates or any requirements beyond normal business hours.

Information

Hallmark notifies the driver contacts, vehicle registrations (if required) and similar information 24 hours prior.

Safety

Hallmark drivers will not have cell phones if requested. Drivers have first aid courses and all vehicles are fitted with First Aid Kits. At all times our interest is the guests well being.

Experience counts. Our team is very used to groups, rapid change and the need for quick and seamless updates. When planning an event, Hallmark keeps it **Simple!**

Case Studies

- **Case Study** **Feb 2013** **Auckland** **US Band**

Vehicle Requirement 3 BMW Sedans 1 Mercedes Sedan 3 Mercedes Sprinters

Co-ordinated all ground movements for the band members. Including Plane Door meet/greet services. High Security, low visibility operations, providing upto 20 hours per day ground services. Multiple liaison points with Tour Leaders, to ground co-ordination at Vector Arena. Operating out of two hotels simultaneously. Very high profile band and privacy conscious.

- **Case Study** **Nov 2012** **Auckland/Wellington/Christchurch** **US Band**

Vehicle Requirement 2 Mercedes Sprinters.

3 Cities, ensuring guests met private jets, arenas and services. Varying time table changes and complex entry/exits from hotels. No security detail. Co-ordinated logistics at multiple centres simultaenously.

- **Case Study** **Nov 2012** **Auckland** **US DJ**

Vehicle Requirement BMW Sedan.

Provision of BMW for DJ to go to prearranged gig nights. DJ operated solely without entourage and driver was required to co-ordinate all needs on his behalf, including any special requests, and requirements
